CHHA-NL does not sell Assistive Devices at the present time. Our association promotes their use and gives advice regarding their use. We also provide information (such as this handout) on where they can be purchased. Some devices may be sold through a local store, such as The Source or Home Hardware. If you would like more specific information on a product, to view assistive devices, or to

obtain them on loan prior to a purchase, please call our office at (709) 753-3224 or toll-free 1-888-753-3224 to make an appointment. Devices can be borrowed at no charge for several weeks, however, you are responsible for loss or damage to them
